

# Defensive Shotgun Course

The modern day shotgun is used for everything from hunting game like rabbits, ducks, and deer to personal defense. It is also the standard long gun for American Law Enforcement, and is unequalled in stopping power at short distances.

Detective Kevin Sedares will be presenting tips and techniques for using a shotgun for personal home defense.

Classroom and live fire topics will include:

- Types of shotguns and ammunition
- Basics of shotgun operation
- Weapon readiness conditions
- Sight alignment and trigger control
- Shooting positions
- Combat loading a shotgun
- Loading in low light
